Dr. Sidney Marks
Analysis and Assessment Programs
Division of Biomedical and Environmental
Research
Energy Research and Development
Administration
Washington, D. C. 20545

Dear Sid:

You had gone out of town by the time that I was able to develop the information you needed regarding medical cost authorizations for the patients of Dr. Christine Waterhouse. Dr. Waterhouse advised that the \$500 authorization is good as a beginning. Certainly it is adequate if there are only office calls. She does, however, anticipate hospitalization of the patients at some point. When that happens the \$500 will be an inadequate amount.

I recommend that you proceed with the \$500 authorization now with the understanding that there will be additional need for increased authorization when hospitalization occurs. You should send the authorization direct to Dr. Christine Waterhouse, 601 Elmwood Avenue, Rochester, New York 14642. Also send a copy to Mr. David McBride, Director of Research Projects Administration, University of Rochester, Rochester, New York.

Sincerely,

D. K. Hess
